Message from the CEO

A Legacy of Partnership and Purpose

Sapna Moudgil
Chief Executive Officer

“

As Helen Keller wisely said,

“

Alone we can do so little; together we can do so much.

”

These words resonate deeply with us at NIIT Foundation, reminding us that it is through collaboration that we achieve our greatest impact.

We have indeed experienced the power of partnerships to drive meaningful change. In 2007, we opened our first **Skill Development Centre in Chhindwara, Madhya Pradesh** in partnership with IT companies and local government leadership. The PPP model successfully contributed to the skilling and employment transformation in the local community, enabling over 7,000 local youth to get jobs in IT/ITES domain.

Over the years, we've partnered Pan India with corporations, NGOs, and government bodies, pooling our collective strengths to make a tangible difference in the lives of **over 9 million beneficiaries**. From skill development and community outreach to funding critical initiatives, each partnership reflects a unwavering commitment to creating opportunities and transforming lives.

In the last decade, the evolution of CSR has been remarkable. What once began as purely philanthropic efforts has matured into **strategic, outcome-driven initiatives that benefit both society and business**. The introduction of mandatory CSR regulations has further enhanced this shift, with companies now embracing structured approaches that prioritize measurable impact and transparency.

In just a few short years, we've seen a **53% increase** in CSR spending, and we know this momentum will only grow as more organizations recognize the critical importance of aligning business goals with the needs of the communities they serve.

With NIIT Foundation on a **mission 2030 to enable 50 million beneficiaries** to use digital technologies to improve their lives, we recognize that partnerships with like-minded organizations are critical for this purpose. By fostering even greater collaboration, with clear roles and shared visions, we can amplify our efforts and touch more lives than what we can do individually.

We are **deeply grateful to our over 200 partners** for their encouragement and support to continue walking this path of transformation. Please reach out to us if this resonated with you. There is a lot more we can do together.

Empowering Communities: The Transformative Power of Partnerships

At the core of NIIT Foundation's mission are the partnerships that fuel its work to **bridge the education and skills gap** in underserved communities across India. By collaborating with corporate leaders, NGOs, and both government and private institutions, NIIT Foundation creates networks that **spark transformation, empowering individuals and communities alike.**

One story of transformation began in **2007 in Chhindwara, Madhya Pradesh**, where NIIT Foundation launched its first learning center. Located in the scenic Satpura range, this center marked the start of a journey aimed at uplifting local youth. Just two years later, a second center opened in Barkuhi, expanding the organization's reach. Today, both centers continue to offer life-changing courses in technical and non-technical fields, **giving young people the skills they need to build brighter futures.**

Yet, the heart of NIIT Foundation's mission goes beyond the expansion of learning centers. It's about the individuals who **walk through the doors of these centers with dreams** but uncertain futures. Thanks to the collective efforts of corporate and NGO partners, NIIT Foundation provides opportunities for growth, offering digital skills, financial literacy, and career-ready training. These partnerships act as lifelines for communities, delivering programs that are not only relevant to today's job market but also accessible to those who need them the most.

Corporate partners contribute more than just funding—they offer industry expertise, ensuring that the programs remain aligned with the evolving demands of the workforce. **NGO partnerships**, meanwhile, create vital grassroots connections, helping NIIT Foundation reach the most remote and marginalized communities. Together, these collaborations form a powerful synergy, equipping individuals with the skills required for sustainable careers and growth.

The cycle of transformation is completed through **placement partnerships**, which link trained candidates with meaningful employment opportunities. Collaborations with both **government and private institutions** further extend the impact of these initiatives by embedding employability skills within formal education systems and preparing students for the future job market.

From the first center in Chhindwara to the **millions of lives impacted across the country**, NIIT Foundation's story is one of hope, transformation, and opportunity. At the heart of this journey are the partnerships that have made it all possible. Through their continued support, NIIT Foundation **lights the way for those seeking better futures, one individual at a time.**

Volunteer Speak

“ I am Sneha Sumant Randive, a third-year student at Delhi University, pursuing a Bachelor's of Elementary Education. As a future educator, I **sought opportunities** to hone my teaching skills and connect with students.

Joining NIIT Foundation as an educational volunteer, I aimed to **bridge the gap** between my theoretical knowledge and practical application. As I shared my knowledge with students, I realized the value of giving back to the community. I was fortunate to have access to **quality education**, and I wanted to extend this privilege to those who weren't as fortunate.

Volunteering as an educator here has been a **profoundly rewarding experience**. Witnessing student's faces light up with understanding and enthusiasm was truly fulfilling.

Through engaging lessons and personalised interactions I saw the students **grow in confidence and skills**. What struck me the most was the diverse learning abilities and potential within each one of them. NIIT Foundation commitment to empowering marginalised community resonated deeply within me.

I'm proud to be associated with NIIT Foundation which is working to bridge the educational gap in the underserved communities. My experience here as a volunteer has **broadened my perspective** of Education and I believe that it has transformative power. ”

Stories of Change

Name: Anju Devi
Location: Prithla, HR
Course: Banking Finance and Insurance
Placement: Own Business & Part Time Job in Kotak Life Insurance
Salary: 7.5k monthly

Anju, a 30-year-old from a respected family, had dreams of pursuing her talents as a beautician, but after marriage, she found herself confined to **traditional household roles**. Her aspirations seemed out of reach, and she felt trapped. Her husband, noticing her unhappiness, encouraged her to follow her passion.

While searching for a way to rebuild her confidence, Anju discovered NIIT Foundation's **Sat Krishna Prithla Center**. After counseling, she joined the Banking, financial services and insurance (BFSI) course, where she learned technical skills like Microsoft Office and internet usage. With time, her confidence blossomed as she participated in group discussions, debates, and even volunteered at the center.

Anju's transformation was remarkable. Her trainers saw her grow from a reserved woman into a confident individual. The course not only empowered her professionally but also helped her **regain her voice and self-worth**.

She eventually opened her own beauty parlor and secured a part-time job at a local insurance company, gaining financial independence. Her success sparked **a change in her household**, where she earned the respect of her in-laws and inspired other women in her community. Anju's journey is a testament to the power of support, education, and self-belief, showing that **dreams can flourish** even within traditional roles.

Name: Yatender Vats
Location: Prithla, HR
Course: Business Process Outsourcing (BPO)
Placement: Puerto Life Science
Designation: MIS Executive
Salary: 18k monthly

Yatender, from a small village in Palwal, grew up in a close-knit family where his father worked as a farmer and his mother cared for the home. Despite their limited resources, they always supported Yatender's dreams. While his family hoped he would start working to ease their financial burden, Yatender **yearned for something more**—he wanted to build a career and make them truly proud.

One day, he heard about NIIT Foundation's **Sat Krishna Center** from a friend and decided to enroll in the Business Process Outsourcing (BPO) course. Little did he know, this decision would change his life. From the very first session, Yatender felt a shift. His confidence grew, his communication skills improved, and he began to believe in himself in ways he never had before. The trainers at the center saw his potential and **encouraged him to push past his fears**. They gave him the courage to dream bigger than his circumstances.

With their support, Yatender mastered skills in advanced Word, Excel, PowerPoint, and Canva. For the first time, he felt capable and fearless, ready to face the world. When he got selected for a position at **Puerto Life Sciences with a salary of ₹18,000**, his parents were overwhelmed with pride and gratitude.

Yatender's journey is a **story of transformation**. He didn't just gain a job—he gained the confidence to shape his future. With heartfelt thanks to the Sat Krishna team, Yatender **now stands tall**, knowing he has not only changed his life but made his family proud beyond words.

NIIT body to train underserved youth

By Biz7 Buzz
12 July 2024

Hyderabad: Indian youth continues to face persistent challenges of finding their desired jobs for want of the required skill sets. Addressing the need to bridge the skill gap, NIIT Foundation, in collaboration with Angel One has initiated a joint program aimed at providing training enhancing employability skills tailored to the industries' needs.

Central to their mission is the recognition that children/youth hailing from underprivileged communities often face limited access to essential resources, thereby leading to inequitable access to opportunities, a media release says.

Launched in 2022, the collaborative initiative provides free-of-cost online courses to students aged between 18 and 28 years old, focusing on BFSI and BPO segments. Using a multifaceted approach by combining self-learning and instructor-led training modules through a Learning Management System (LMS), the program is catered to enable beneficiaries - often belonging to underserved communities.

NIIT Foundation and Angel One Partner to Uplift Underserved Youth

Program focuses on in-demand sectors like BFSI and BPO, equipping participants with functional English, IT skills, and industry-specific knowledge. Launched in 2022, the initiative has already seen a high success rate with 71% of graduates finding jobs.

In a significant stride towards enhancing employability for underserved communities, the NIIT Foundation, in partnership with Angel One, has launched a transformative program. Initiated in 2022, this collaborative effort focuses on providing industry-specific training at no cost, targeting youth aged 18 to 28. The program emphasizes the BFSI (Banking, Financial Services, and Insurance) and BPO (Business Process Outsourcing) sectors, equipping participants with critical skills such as functional English, basic IT knowledge, and specialized sectoral proficiencies.

Utilizing a multifaceted approach, the initiative blends self-learning with instructor-led training through a Learning Management System (LMS). This method ensures that beneficiaries, often from underserved communities, develop the necessary skills to enhance their employability prospects significantly.

The program's impact is evident, with a notable 58% female enrollment rate. Furthermore, 71% of the participants (totaling 3,474 beneficiaries) have successfully secured placements in renowned organizations such as Quesada Corp, C-Tech, Findrive Services, HDB Financial, and DBS Mintek Pvt Ltd. This achievement underscores the program's efficacy in preparing young individuals for the workforce.

NIIT Foundation And Angel One Empower Over 3,400 Underserved Youths With Employability Skills Training

By: TheCSRUniverse Team 03-Jul-2024

New Delhi, July 3, 2024: Over 3,400 youths from the underserved communities have benefitted from a joint program initiated by NIIT Foundation in collaboration with Angel One, which aimed at providing training enhancing employability skills tailored to the industries' needs.

Launched in 2022, the collaborative initiative provides free-of-cost online courses to students aged between 18 and 28 years old, focusing on BFSI and BPO segments. The impact of this program reaches far and wide, across various states and territories such as Maharashtra, Gujarat, Delhi NCR, and Karnataka. With the enrolment phase commenced in April 2024, the program is geared towards enhancing the skills and employability prospects of 3,750 youth from underprivileged backgrounds.

Youth Skills Day: Top CSR Initiatives Skilling Youth in India

July 16 is observed as World Youth Skills Day with an aim to emphasise upon skilling the youth with the contemporary skills to empower them and promote economic development. With the advent of generative AI and other technologies, a lot of traditional jobs are facing existential crisis. Amid this, it is important to ensure that there is a workforce which is skilled and ready to work in the new environment using new technologies.

On this Youth Skills day, let us look at the top CSR initiatives that are working towards skilling the youth.

HDFC Parivartan

HDFC Bank has imparted skill training, covering high-demand sectors like IT/ITeS, healthcare and manufacturing, to about 3.25 lakh youth in the last 10 years under its corporate social responsibility (CSR) initiative. Skill development and livelihood enhancement is a key focus area of the bank's Parivartan programme. Its umbrella brand for all CSR initiatives. The bank is currently working on over 100 projects in the area of Skill Development across different states, covering multiple sectors, including IT/ITeS, retail, healthcare, manufacturing, and agriculture.

HDFC Bank Parivartan's youth training programmes since 2014 are addressing gaps in equipping young people with essential skills, knowledge, and competencies to thrive in today's dynamic job market. These training programmes come with certifications from the National Skill Development Corporation (NSDC), Sector Skill Council, or other qualified non-government agencies and offer targeted training to prepare youth for successful careers and entrepreneurial ventures in key industries.

Our Parivartan training programmes are designed not only to provide vocational skills linked with market demands but also to instill confidence and ambition in young minds," HDFC Bank Head of CSR Nusrat Pathan said.

PORTAL EXCLUSIVE: Incorporating financial literacy in academics is key to long-term monetary management

Financial literacy is an imminent tool for empowering citizens to become monetarily secure and exhibit healthy financial habits, writes Vikram Kumar

TNNI Posted August 12, 2024 07:00 AM

Most of us remember receiving 'pocket money' as children, given to us for additional expenses/purchases. What we may have seen as an opportunity to buy snacks at our own will was a hidden lesson that taught us about budgeting and understanding the concept of 'need' vs 'want' - helping us with our decision-making skills to ensure that we spend that amount where necessary. A theoretical interpretation of this lesson translates into financial literacy, which involves understanding the fundamental terminology and concepts of the financial segment, including budgeting, credit scores, debt planning, and retirement plans, among others.

93,000 Beneficiaries Upskilled in FY24 via NIIT Foundation's Program

Reading Time: 2 mins read

NEW DELHI (India CSR): NIIT Foundation, a not-for-profit organization established by the promoters of NIIT, has made a significant impact in FY24, upskilling nearly 93,000 beneficiaries across India through its collaborative initiative, NReach. This program, designed to enhance skill development and education, partners with NGOs nationwide to empower India's youth.

Expanding Reach and Impact

Responding to the needs of India's vast young population, the NReach program has successfully established partnerships with over 110 NGOs, setting up 400 centers across 27 states. In the fiscal year 2023-2024, the program trained 92,952 beneficiaries, with 34,148 individuals securing placements in various job roles.

Comprehensive Support for NGOs

The NReach program provides partner NGOs with comprehensive support, including faculty training, curriculum development, assessments, and industry-recognized certification. Capacity-building workshops and placement orientations further equip organizations to execute their programs successfully.

Over 93,000 beneficiaries were upskilled & empowered in FY24 via NIIT Foundation's NReach Program

By [siliconindia](#) | Friday, 23 August 2024, 18:20 IST

NIIT, a not-for-profit organisation founded by the promoters of NIIT, has impacted the lives of nearly 93,000 beneficiaries in FY24 across the country through its collaborative initiative, NReach. The NReach program was designed to provide access to skill development and education programs in partnership with NGOs nationwide, thereby maximising their collective impact to upskill and enable India's youth.

In response to India's large young population and the crucial need for appropriate skills, NReach has successfully established partnerships with over 110 NGOs and set up 400 centres across 27 states - having trained 92,952 beneficiaries in the fiscal year 2023-2024, with 34,148 individuals placed in various job roles. To equip NGOs with the appropriate facilities to undertake upskilling initiatives, the NReach program ensures comprehensive support to its partner NGOs' faculty training, curriculum development, assessments, and placement orientations, alongside capacity-building workshops and executing their programs.

Charu Kapoor, Country Director at NIIT Foundation noted, "Our aim to develop the NReach initiative was always two-fold: to enhance capacities of our partner NGOs in driving their initiatives with utmost success while

To equip NGOs with the appropriate facilities to undertake upskilling initiatives, the NReach program ensures comprehensive support to its partner NGOs' faculty training, curriculum development, assessments, and industry-recognized certification, alongside capacity-building workshops and placement orientations, facilitating organizations in successfully executing their programs.

Charu Kapoor, Country Director at NIIT Foundation noted, "Our aim to develop the NReach initiative was always two-fold: to enhance capacities of our partner NGOs in driving their initiatives with utmost success while hoping to continually expand our NReach network and further aiming to impact more underserved beneficiaries in partnership with other NGOs."

Through the NReach program, NIIT Foundation has so far partnered with renowned organisations like Smile Foundation, Magic Bus India Foundation, VIDYA, SOS Children's Villages of India, Save The Children India, Catalyst for Social Action Kotak Education Foundation, and the National Federation of the Blind - allowing the involved parties to maximise their impact across the lengths and breadths of India.

As NIIT Foundation continues its mission to bridge the skills gap and create employment opportunities, the NReach program stands as a testament to the power of collaborative efforts in empowering India's youth.

PORTAL EXCLUSIVE: Incorporating financial literacy in academics is key to long-term monetary management

Financial literacy is an imminent tool for empowering citizens to become monetarily secure and exhibit healthy financial habits, writes Vikram Kumar

TNNI | Posted August 12, 2024 07:00 AM

Most of us remember receiving 'pocket money' as children, given to us for additional expenses/purchases. What we may have seen as an opportunity to buy snacks at our own will was a hidden lesson that taught us about budgeting and understanding the concept of 'need' vs 'want' - helping us with our decision-making skills to ensure that we spend that amount where necessary. A theoretical interpretation of this lesson translates into financial literacy, which involves understanding the fundamental terminology and concepts of the financial segment, including budgeting, credit scores, debt planning, and retirement plans, among others.

CSR Foundation launches training programs aimed at fostering economic empowerment and financial literacy

Mumbai, India: NIIT Foundation, a leading non-profit organization dedicated to empowering individuals via education and skill development, recently launched their latest initiative, in collaboration with HDFC ERGO General Insurance, one of India's premier general insurance firms, to introduce two impactful training programs aimed at fostering economic empowerment and financial literacy among underserved communities.

The initiative, which commenced in June 2024, NIIT Foundation and HDFC ERGO undertakes two key programs, which include training in Banking, Financial Services, and Insurance (BFSI) with the placement opportunities to the successful candidates, and Financial Literacy training – aiming to impact 4,500 individuals across Delhi and Tamil Nadu.

The BFSI training programme targets to impact 500 beneficiaries aged between 20 and 30 years old, by providing them with comprehensive training in the segment, followed by complete assistance in securing meaningful employment opportunities upon successfully completing the training.

Simultaneously, the financial literacy training program aims to educate and empower 4,000 individuals with essential financial knowledge and skills via practical insights into financial planning, management, and understanding insurance products. The program is open to people of all ages, accommodating citizens between 18 and 60 years of age, with an aim to equip participants with the necessary tools to make informed financial decisions and uplift individuals, particularly those belonging to underserved communities, to break the cycle of poverty.

Home to the largest 'young' population in the world, India's journey as one of the fastest-growing economies has been tremendous. However, despite its earnest efforts, our nation still struggles with retaining a skilled workforce (with only 5 per cent of our workforce considered skilled) – pivotal for a nation's true progress/development. From the US to China and Russia – countries with immensely varied governmental/regulative policies – one thing is common in their market-oriented approach to skill formation [2], coupled with a collective effort at all fronts (from government institutions/bodies to educators and employers). Recognising the significance of developing a robust, skilled workforce, the central government has extensively emphasised the skill development of Indians, in partnership with various stakeholders – including industry experts – to promote Public-Private Partnerships in order to strengthen the infrastructural needs of the country to upskill individuals. Materialising this imperative move, therefore, shall determine our nation's drive towards upskilling our youth and reshaping India's employment landscape.

Empowering the Future: A Conversation with NIIT Foundation and Angel One on Transforming Youth Employability

CSR Head, Angel One

In today's rapidly evolving job market, the need for employability skills has never been more crucial, especially for underserved communities. To this end, we are joined by Charu Kapoor, Country Director of NIIT Foundation, and Shefali Haajja, CSR Head at Angel One, two key figures behind a transformative initiative that has empowered over 3,400 underserved youth with vital employability skills.

Their collaborative effort is more than just a program – it's a lifeline for young individuals striving to secure a brighter future. Through this partnership, NIIT Foundation and Angel One are not only enhancing the skill sets of these youth but also opening doors to new opportunities and a more inclusive economy.

देश के नागरिकों को सशक्त बनाने के उद्देश्य से डिजिटल और वित्तीय साक्षरता कार्यक्रम शुरू

सवेरा न्यूज/आकाश द्विवेदी

नई दिल्ली, 13 सितम्बर : एनआईआईटी फाउंडेशन ने संदना स्फूर्ति फाइनेंशियल लिमिटेड (एसएसएफएल) के साथ साझेदारी करके समुदायों को सशक्त बनाने के उद्देश्य से एक डिजिटल और वित्तीय साक्षरता कार्यक्रम शुरू किया है। इस पहल के तहत 5 घंटे का ट्रेनिंग कोर्स प्रदान किया जायेगा। इस कोर्स को 18 से 60 साल की आयु के लोगों को परसनल फाइनेंस मैनेजमेंट स्किल और डिजिटल साक्षरता प्रदान करने के लिए डिजाइन किया गया है।

इस पहल का उद्देश्य फाइनेंशियल प्लानिंग (वित्तीय नियोजन) और डिजिटल लेनदेन में जानकारी की कमी को कम करना है, क्योंकि आज के तेजी से विकसित हो रहे इकोनॉमिक लैंडस्केप (आर्थिक परिदृश्य) में ये दोनों पहलु कई महत्वपूर्ण जरूरतों को पूरा करते हैं। ट्रेनिंग कार्यक्रम में बजट, सविंग (बचत), इन्वेस्टमेंट (निवेश), लोन मैनेजमेंट (ऋण प्रबंधन), इंश्योरेंस (बीमा) और डिजिटल धुगतान जैसे आवश्यक विषयों को शामिल किया गया है। यह पहल व्यक्तियों को सही वित्तीय निर्णय लेने, अपने भविष्य की योजना बनाने और डिजिटल फाइनेंशियल इकोसिस्टम को नेविगेट करने के कौशल बनाती है।

'Over 93,000 people upskilled through NReach programme': Nearly 93,000 people were upskilled in FY24 across the country. The NReach programme is designed to provide access to skill development and education programmes in partnership with NIIT Foundation, a not-for-profit organisation and the need thereby maximising their collective impact to upskill and enable India's youth. In response to India's large young population and the need for appropriate skills, NReach has established 400 centres across 27 states ~ having trained 92,952 beneficiaries in the fiscal year 2023-2024, with 34,148 individuals placed in various job roles.

Digital & financial literacy programme: NIIT Foundation, in partnership with Spandana Sphoorty Financial Limited (SSFL), has introduced a digital & financial literacy programme aimed at empowering communities. This initiative offers a 5-hour training course designed to allow the participants aged between 18 to 60 with personal finance management skills and digital literacy. The programme aims to bridge the knowledge gap in financial planning and digital transactions, addressing a critical need in today's rapidly evolving economic landscape.

UN to help 5,000 young women acquire digital skills
Young women in select smaller cities and underprivileged communities across India will receive free training in essential digital skills under a new partnership between UNICEF and the not-for-profit organization, Yuvvaach at NIIT Foundation. The initiative aims to empower more than 5,000 individuals with these skills by the end of 2024 and will be delivered through the Passport to Earning platform, which currently serves learners across India and is expanding in three districts in Odisha and two districts in Jharkhand.
