One Act of Giving at a Time: Stories of Hope, Belief, and the Joy of Change

“Change will not come if we wait for some other person or some other time. We are the ones we’ve been waiting for. We are the change that we seek.”

- Barack Obama

In the world of philanthropy, there's a magical quality to the act of giving that transcends statistics and spreadsheets. It's the personal stories, the real-life anecdotes, that bring the joy of giving to life.

Meet Mehajabi, a bright-eyed 18-year-old from Delhi with dreams as vast as the sky. Her father, a tailor, was the sole earning member supporting their family of six, making quality education an unattainable luxury. But Mehajabi's story took a remarkable turn when your contributions provided her with the sponsorship she needed to complete her vocational training. The sheer joy on her face when she received her first salary was a moment none of us will ever forget. That's the joy of giving in action, as you opened a world of knowledge and opportunity for Mehajabi.

Sapna Moudgil CEO - NIIT Foundation

Then there's Shamit, a 20-year-old from West Bengal who faced numerous obstacles in his path to graduation because of the sudden demise of his father. He had the talent and determination, but the financial burden of college seemed insurmountable. Additionally, the need to start earning to support his family as quickly as possible gave him sleepless nights. That's where your generosity came into play, providing Shamit with a sponsorship that not only gave him a career direction but also ignited a fire within him. Your gift was not just about money; it was about hope, belief, and the joy of seeing potential realized.

These are just two stories among many that showcase the transformative power of your contributions. But it's not only about the joy you bring to their lives; it's about the joy you bring to your own self. When you invest in education and skilling, you become part of a tapestry of change, woven with the threads of countless success stories. You become an integral part of Mehajabi's journey to knowledge and Shamit's path to success. You share in their triumphs, their aspirations, and their futures.

Celebrating Lifelong Learning and Skill Development with NIIT Foundation

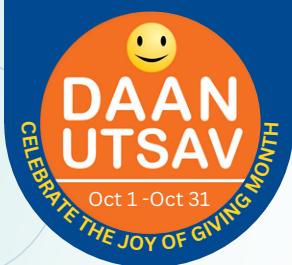

On this International Literacy Day, NF celebrates not only the invaluable gift of literacy but also the enduring journey of lifelong learning. In today's digital world, digital literacy is as important as traditional literacy. Understanding how to navigate the digital era is the key to unlocking new opportunities and staying ahead of the curve.

Meet Mr. Inderpal Singh, a 72-year-old from Gurgaon who lives by Mahatma Gandhi's creed that we should continue to learn till the last moment of our lives. He travels 2 km on his 50-year-old bicycle, cherishing the desire to learn computers because he believes that in this day and age, everything requires knowledge of IT. This year alone, more than **1500 youthful senior citizens** are engaged in NIIT Foundation programs, learning basics of computers, financial literacy, or cybersecurity.

NIIT Foundation programs on basic digital literacy are delivered through 206 centers, 8 Digital buses, and over 2000 schools. 70% of these are located in remote rural areas, addressing the needs of the children, youth, and adults in villages with no access to quality education. For children who are school dropouts, NIIT Foundation sets up Hole-in-the-wall learning stations freely accessible to these children, encouraging digital literacy in a playground setting.

We reaffirm our commitment to fostering a culture of continuous learning, where literacy and skill development unlock doors to prosperity, innovation, and personal fulfilment.

Celebrate the Joy of Giving with NIIT Foundation

Take Action to Empower Marginalized Communities

Every year in October, NIIT Foundation celebrates Daan Utsav. Daan Utsav celebrates the joy that exists in giving. The purpose is to create a community of organisations and individuals who will use their collective actions to make a difference to marginalized communities such as LGBTQIA+ and those living in remote, isolated areas as well as less privileged individuals including women and girls.

Daan Utsav is more than just a festival; it is an opportunity to create impact.

Through generous donations, Daan Utsav supports financially disadvantaged individuals by facilitating their skill development and training at our NIIT Foundation centers, covering their fees and providing them with opportunities for a brighter future.

Volunteers support NF's mission by utilizing their individual strengths to reach more beneficiaries and improve our community outreach efforts. It is a beautiful synergy of compassion and commitment. Pledges are more than words and are catalysts of change. They not only support our initiatives but also inspire others to join the cause. They also contribute to developing mini communities inspired by the individual who first pledges.

You too can join us and help impact lives. To learn more about Daan Utsav and how you can get involved, please click on the button below. Together, we can make a huge difference in helping develop individuals and communities that are empowered, educated, and financially self-sufficient.

IFF & NIIT Foundation's Collaborative Initiative to Empower Students

IFF's management expressed a strong commitment to engage in corporate social responsibility (CSR) activities focused on skill-based education, with the aim of supporting underprivileged students. Their primary objective was to provide students with the necessary skills and training to enable them to achieve financial self-sufficiency. Recognizing that NIIT Foundation was well-aligned with this vision, the two organizations joined forces to establish Career Development Centers in Salem, Nagpur, Mahbubnagar, and Tumkur, exclusively for women and girls.

Despite being a relatively new initiative, this project has already made significant strides. Notable achievements include the enrollment of 1024 female students, with an aggressive growth projection for the next quarter, as well as the successful placement of students in well-paying positions.

The program has also encompassed various informative sessions, such as those focused on the Prevention of Sexual Harassment (PoSH), Women's Health and Hygiene, Interview Preparation, Resume Building, Industry Visits to Agriculture Equipment Manufacturing Units, and job recruitment drives. Seven inspirational speakers have also been invited to motivate and engage with students across all four centers.

IFF and NIIT Foundation have united with the shared objective of helping ambitious women and girls realize their full potential and attain financial independence. It is our hope that these students will be able to provide support to their families and break free from the constraints they have faced thus far.

Karthik Palani
CSR Lead – IFF

Empowering women and girls through skill development is essential. At IFF, we believe they are the most vulnerable in our communities, facing unequal access to education and opportunities. Our program, in collaboration with NIIT Foundation, breaks down these barriers, empowering not only women but their families. NIIT Foundation's structured approach and innovative methodology have driven tangible results. Beneficiaries gain essential skills, breaking free from poverty's grasp. It is a privilege working with NIIT Foundation, and we appreciate their dedication to uplifting the underprivileged. Together, we can continue making a difference.

STORY OF CHANGE

Digital Marketing for a Cause: Neha's Vision of Empowerment

Student's Name: **Neha**
Education: **B.Com (Hons), DU**

Location: **Faridabad, Delhi**
Course: **Digital Marketing**

Neha, from Faridabad, discovered her purpose through a deeply personal journey. Her younger brother, who faced the challenges of a mental disability, became her inspiration. Each visit to his school unveiled a shared concern among parents – how to empower their neurologically diverse children to be self-sufficient and to live a brighter future.

Neha's heart was filled with empathy and determination. She envisioned a beacon of hope, a YouTube channel that could illuminate the path for parents, guiding them through the intricate nuances of understanding and nurturing their extraordinary children. She knew that this channel had the potential to unite parents worldwide who faced similar questions and challenges.

Driven by her mission, Neha delved into the world of digital marketing. She recognized that her message needed to reach every corner of the globe, touching the lives of parents and children in need. It was then that she stumbled upon an ad for the NIIT Foundation that promised to breathe life into her vision.

Initially, Neha's motivation was solely to enhance her YouTube channel's reach, but as the course progressed, her perspective broadened. She now envisions a thriving career in the digital marketing realm. With unwavering determination, she looks ahead to the next chapter, an internship that will pave the way for a future where she can continue making a profound impact in the lives of countless families.

Jesiel Kiny
Manager – Kotak
Education Foundation

It has been an absolute privilege for Kotak Education Foundation to witness the incredible work of NIIT Foundation. The experience of collaborating with NIIT Foundation has been transformative. Their structured and comprehensive training curriculum in IT ensures that learners not only acquire technical skills but also gain the confidence to apply them effectively in real-world scenarios. This is a testament to the organization's commitment to fostering practical proficiency. It is heartening to see an organization like NIIT Foundation making such a significant difference in the lives of so many students. Their dedication to empowering individuals through IT training is an inspiration, and I have no doubt that their positive influence will continue to grow in the years to come.

NIIT Foundation, has raised the bar as a Knowledge Partner of CDF's Transformation Program that focuses on Career progression of the LGBTQIA+ community by consistently demonstrating an unwavering commitment to creating a more inclusive and accepting society. Their tireless advocacy, educational initiatives that span from generic skill development to specialised IT enabled courses, and support services have not only raised awareness but have also fostered an environment where individuals are finding themselves equipped to find meaningful employment.
