# Message from the CEO

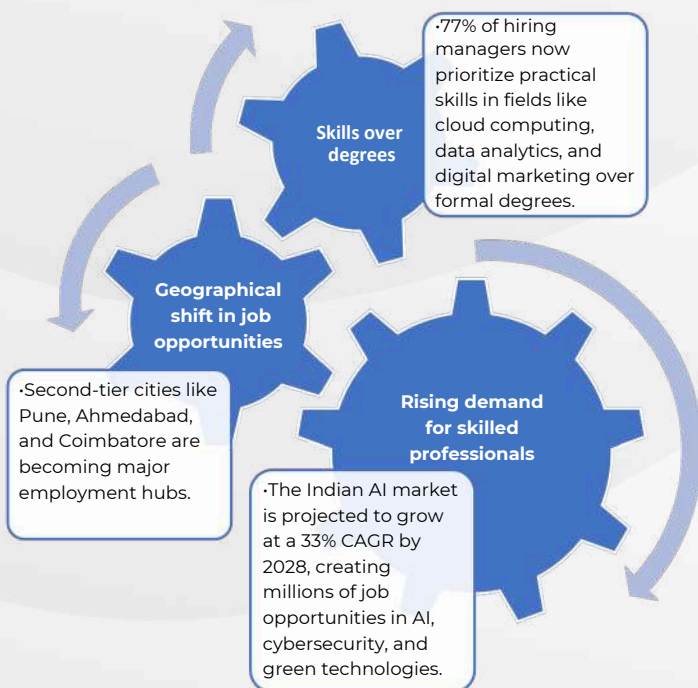

**Sapna Moudgil**  
Chief Executive Officer

## Empowering Youth for the Future of Work

Today's rapidly evolving job market demands skills in **AI, machine learning, cybersecurity**, and other emerging technologies. With technology advancing at an unprecedented pace, the half-life of certain tech skills is shrinking, making it critical to equip underserved youth with the right capabilities to stay relevant.

To bridge the digital divide, early interventions are essential—introducing digital skills from a young age allows youth to develop confidence and competence over time. Investing in infrastructure such as computers and trained educators in schools is key to ensuring they are job-ready. Vocational education can also complement traditional learning, offering practical skills in financial literacy, technology, and beyond. Programs tailored for rural and suburban youth can provide mentorship and exposure to potential career paths, inspiring them to envision a successful future.

### Key Shifts in the Job Market

At **NIIT Foundation**, we are committed to preparing youth for this evolving job market. Our approach is rooted in innovation, collaboration, and a deep understanding of the skills required for success:

- **Developing Future-Ready Skills**  
Expanding our curriculum to include **AI, data analytics, and cloud computing**.
- **Industry Collaborations**  
Partnering with leading companies like **Cisco, IBM, and Microsoft** to ensure industry-relevant training.
- **Fostering Continuous Learning**  
Encouraging a growth mindset among learners and trainers to adapt to evolving demands.
- **Preparing for the Gig Economy**  
Equipping youth with life skills such as **adaptability, resilience, and financial literacy**.

**NIIT Foundation** will continue evolving its programs to empower youth with future-ready skills, enabling them to contribute meaningfully to India's growth and development.

## Preparing Youth for Futuristic Jobs

The new age job market is creating a demand for new skills and competencies. To thrive in this dynamic environment, youth need to acquire a diverse skillset beyond traditional education. At **NIIT Foundation**, we are committed to equipping youth with the necessary skills to thrive in this workforce. Recognizing this evolving landscape, NIIT Foundation offers a range of programs that augment existing skills of the youth. These include courses in **AI & Data Analytics, Digital Marketing, Cyber Security, and Web Designing**. These certificates become a key differentiator for our students when they go for placement, dramatically improving their employability. In addition to **NF Skills Centres**, these courses are offered in ITIs, Colleges, and other educational institutions in both classroom as well as virtual setting.

AI &  
Data Analytics

Digital Marketing

Cyber Security

Web Designing

**Beyond technical skills, there is an emphasize on the development of essential soft skills.** These include communication, teamwork, problem-solving, critical thinking, and a growth mindset – all crucial for success in any professional environment.

**Collaborations with industry leaders like Cisco, Microsoft, and IBM play a vital role in ensuring our programs remain relevant and industry-aligned.** By capitalizing on the wide reach and grassroots presence, NIIT Foundation brings these high-quality courses to underserved communities across India, empowering youth with the skills and knowledge they need to succeed in the dynamic and ever-evolving job market.

By equipping youth with these in-demand skills and fostering a growth mindset, NIIT Foundation is empowering the next generation to navigate the complexities of the modern world and contribute meaningfully to India's growth and development.

# Featured Partner

## Deepti Kakkar

Project Manager,  
Katha Information Technology and  
Entrepreneurship School

The **Katha Information Technology and Entrepreneurship School** team is deeply grateful to the **NIIT Foundation** for their unwavering support in empowering our students. Through their diverse workshops on essential topics like **Cyber Security and Digital awareness**, they have significantly enhanced the skill set of our students. Furthermore, the NIIT Foundation's initiative to provide access to online courses through **IBM SkillsBuild** will further enrich our students' learning experiences.

We truly appreciate their continued partnership in shaping the future of our students.

## Partnership with YouthHub

**NIIT Foundation** has partnered with **YouthHub** to bring essential skill building courses directly to young learners across India. YouthHub, a comprehensive digital platform developed under **UNICEF YuWaah**, brings together employment, upskilling, and volunteering opportunities onto a single, user-friendly interface. Our collaboration ensures that learners gain access to NIIT Foundation's industry-relevant courses.

Through YouthHub, learners can access programs like **Financial Literacy**, which equips them with the knowledge to make informed financial decisions, manage budgets, and plan for long-term financial stability. Additionally, NIIT Foundation's program in Digital Literacy helps learners develop fundamental digital skills, preparing them to navigate the modern world of work with the essential digital skills. YouthHub's partnership with NIIT Foundation allows it to extend its impact, connecting more learners to curated resources that bridge the gap between their current skills and the demands of today's employers. By discovering jobs, internships, and volunteering experiences, learners on YouthHub can further enrich their learning journeys, strengthen their resumes, and increase their employability. At its core, the NIIT Foundation–YouthHub partnership is about enabling youth to take charge of their professional futures. By combining NIIT Foundation's expertise in skill-building with YouthHub's holistic approach, it is helping shape a generation of capable and community-focused young people who are ready to succeed in a rapidly evolving economy.

Register on YouthHub today and maximise your learnings

# Volunteer Speak

## Yash Nair

Engineering Student at NIIT University

Volunteering with **NF** and teaching at the **NIIT Foundation English and IT Centre** in Sahibabad, Ghaziabad has been one of the most transformative and heartfelt experiences of my life. In the role of an English and life skills teacher, I not only had the privilege of teaching but also became a friend and mentor to my students. Their boundless energy, dreams, and unwavering determination inspired me every single day.

Spending time with them, both during classes and on my visits to the center, brought me immense joy and taught me the true meaning of being a teacher. Teaching goes far beyond textbooks—it's about building trust, fostering growth, and being a source of encouragement. My students motivated me to push through challenges in my own life, showing me that resilience and hope can overcome any obstacle.

The bonds I formed with them were incredibly meaningful. We celebrated small victories together, shared stories, and encouraged one another to aim higher. They reminded me of the importance of dreaming big and working tirelessly toward those dreams, no matter how difficult the journey may seem.

This experience not only shaped me as an educator but also as a person, teaching me empathy, patience, and the beauty of genuine human connections. I will carry these lessons with me always.

# Stories of Change

## Keshav Sharma

Location: Barukhi (Madhya Pradesh)

Course: Certificate Program in Hardware and Networking (CPHT)

**Keshav Sharma**, a young man from the small town of Barkuhi (Madhya Pradesh), comes from a humble family. His father, a labourer at WCL (Western Coalfields Limited), inspired him to pursue a career in mining. However, his father's health challenges, including a heart problem, led to financial difficulties for the family. Despite these obstacles, Keshav remained determined to pursue his aspirations. He diligently prepared for government exams on his own, but unfortunately, he was unsuccessful at a Coal India Limited training program. This setback was a significant disappointment for him.

Encouraged by his younger brother, he discovered a sponsorship course at NIIT Foundation in collaboration with DXC Technology. Enrolling in the **Certificate Program in Hardware and Networking (CPHT)**, he gained valuable skills in hardware and networking, enhancing his competitive exam preparations. He also attended **Change Maker Life Skills (CMLS)** sessions, where he learned to manage stress, stay positive, and lead a productive life. During his time at NIIT Foundation, Keshav was inspired by the continuous learning environment. He spent most of his time at the centre, studying using the internet for competitive exams. The supportive environment at NIIT Foundation, including stress management sessions, empowered Keshav to remain positive. After completing the course, he confidently took the MP Public Service Commission exam for a mining inspector post and qualified for an interview with **Tata Steel** for an **Assistant Mining Engineer** position.

**Pooja Sonkamble**, a 23 year old young woman from a rural area in Pune (Maharashtra), witnessed the value of hard work through her father's dedication to farming. Despite facing financial challenges and the demands of household responsibilities, Pooja remained unwavering in her pursuit of a successful future. Recognizing the need to enhance her skills, she enrolled in a **Career Edge IT course** at **NIIT Foundation**.

This program equipped her with technical skills and fostered crucial soft skills through the Change Maker Life Skills sessions. The sessions instilled in her confidence, perseverance, and the mindset necessary to overcome challenges and achieve her aspirations. Pooja harboured a strong desire to serve her community by joining the **Maharashtra Police Force**.

Balancing her studies, training, and household duties was no easy feat. Pooja dedicated countless hours to her preparation, often staying up late into the night to study after completing her responsibilities. Her unwavering dedication and hard work ultimately paid off when she successfully passed the Police Constable Examination.

Pooja is now undergoing training with the Maharashtra Police, marking the beginning of a fulfilling career in public service. Her journey serves as an inspiration, demonstrating the transformative power of education and the crucial role of the right guidance and support. By leveraging the opportunities provided by NIIT Foundation and pushing herself beyond limits, she transformed her dream into reality.

# BREAKING

## NEWS

A new **CSR Skill Training Centre** was inaugurated in Jaipur by **NIIT Foundation and Angel One**, led by Mr. Vineet Agrawal, Ms. Shefali Hasija, and Mr. Akhilesh Sharma. This center aims to equip local youth with essential job skills, empowering them for meaningful employment. The students' creativity and enthusiasm left a strong impression on all attendees.

On International Day of the Girl Child, **Indus Towers' DTV program** in Bhopal, in partnership with NIIT Foundation, hosted an event attended by **150 girls**. Insights on girls' rights, health, and education were shared, addressing stereotypes and boosting confidence. Child helpline and emergency contacts were also provided.

An insightful visit was provided to **27 students** from **NIIT Foundation's Digital Saksharata Project**, sponsored by **JMFF**, at CG Power and Industrial Solutions Ltd. in Nashik. Hands-on experience with industrial operations and essential skills for entry-level jobs were offered. Appreciation is extended to the CG Power team for their valuable expertise and for inspiring students to pursue their goals.

A **Cyber Security Awareness Workshop** was conducted at the **Blind Relief Association Delhi**, where participants were equipped with essential cybersecurity knowledge to protect themselves digitally. A safer and more inclusive digital space is being built for all.

Students from **Khora Colony**, Ghaziabad, recently visited **Vertel BPO Solutions** for an enriching industrial experience. They explored career paths, job roles, and the recruitment process, gaining valuable insights into the BPO sector and the essential skills needed to succeed.

An event was organized by NIIT Foundation Gurugram and **DXC Technology** to celebrate the spirit of learning and the inspiring student community. Education as a powerful tool for growth and change was emphasized, with all encouraged to share their experiences.

NIIT Foundation successfully conducted a **2-day ToT program** at Dr. APJ Abdul Kalam Government Degree College, Hyderabad, with over 85 faculty participating in sessions on **Cyber Security, AI, and Data Analytics**. The event was graced by dignitaries who emphasized the importance of cybersecurity and supported by the college leadership.

A Certificate Felicitation Ceremony was hosted by **Indus Towers' DTV (Surajpur)** on Children's Day, graced by Mr. Narendra Dubey, and a motivational speech by Mr. Gaurav Agarwal. Over 350 female students, along with dignitaries and school leaders, contributed to the celebratory spirit.

Students from the NIIT Foundation logistics batch, Sec-12 Gurgaon, visited **SAFEXPRESS LOGISTICS PARK**, where they gained valuable insights into the logistics industry, supply chain management, and workplace ethics. The experience provided a real-world perspective, enriching their understanding of the field.

Our students from **NIIT Foundation & Sat Krishna Hari Nagar Centre** secured placements at Corporate Business Solutions. Mr. Sachin, Senior HR Manager, provided valuable guidance and motivation, helping them approach the interviews with confidence.

The achievements of our **BFSI and Financial Literacy program** students in **Chennai and Delhi** are celebrated through our partnership with HDFC ERGO's Learning Arm, Vidyaavriksh Academy for Communities. Countless young minds are empowered with knowledge, and their futures are secured as responsibility for their placement is taken.

Every **Cyber Security Workshop** conducted is a rewarding journey of discovery, with participants gaining valuable insights into online safety, data protection, and recognizing cyber threats. Thanks to the Cisco Cyber Suraksha initiative and Sai Swayam Society for the opportunity to empower individuals with essential knowledge.

**NIIT Foundation** and **Sat Krishna Public Charitable Trust** are honored to receive the "Community Service Award" from the block chairman of Prithla, reflecting their shared vision and dedicated team's efforts.

The **AI workshop** at the **Blind Relief Association**, conducted in collaboration with IBM SkillsBuild, was a great success. The commitment to making technology accessible to all continues to drive these initiatives.

The **HiWEL and STEM** project was launched at **Government Middle School, Wazirpur**, by NIIT Foundation and Johnson Matthey India, with a STEM session and tree planting. The initiative aims to empower students and promote sustainability.

Bringing **Design Thinking** to the Community as students are equipped with tools to solve local issues using innovative solutions, turning challenges into opportunities for impactful change through design thinking.

87 students received course completion certificates at a ceremony in Angul, Odisha. It was attended by **JIPL and NIIT Foundation** representatives. A cybercrime awareness skit by students showcased their creativity and inspired further exploration in **STEM**.

A successful **job fair** in Delhi/NCR saw over 200 participants connect with top recruiters across various sectors, resulting in **120 promising job offers**. Gratitude is extended to all who contributed to this successful event!

# Media Coverage

## NIIT Foundation and IFF Partner to Empower Women and Girls Through Career Development Program

13th November 2024, New Delhi: NIIT Foundation, in collaboration with International Flavours & Fragrances India Private Limited (IFF), has launched a comprehensive one-year Career Development Program aimed at equipping women and girls with essential skills to enhance their employability and career prospects, and enhance the livelihoods of individuals in communities across Salem (Tamil Nadu), Tumkur (Karnataka), Nagpur (Maharashtra), and Mahabubnagar (Telangana).

The Career Development Program encompasses a range of critical components, including career skill training, foundational skills development, and mass literacy. It also provides personalized counselling, flexible learning options, and specialized workshops to cater to the diverse needs of participants. The initiative aims to establish at least one Career Development Center (CDC) in each selected location, focusing on women and girls from economically disadvantaged backgrounds.

Since its inception, the program has witnessed substantial achievements - with the mobilization of 81% of enrollments within the target communities, wherein 70% of beneficiaries' parents are engaged in farming, while 46% of participants have completed 12th grade.

"While nearly 51.25% of our workforce has received formal skill training. Recognizing the urgent need to close this gap, our partnership with IFF aims at empowering the communities - particularly women and girls - through targeted education and skills training. Our Career Development Program has been carefully curated for upskilling the beneficiaries, offering comprehensive training and support to women and girls, thereby bridging the gap between education and skilling, while immensely improving their employability," said Sapna Moudgil, CEO at NIIT Foundation.

## NIIT Foundation and Mahindra Finance Launch Financial and Digital Literacy Program for Gig Workers

27th November 2024, India: NIIT Foundation, in partnership with Mahindra Finance, has announced the launch of a Financial and Digital Literacy Program aimed at empowering 30,000 underprivileged Gig workers across India. This initiative represents a significant step towards equipping the growing Gig workforce with essential skills for the digital age.

In today's rapidly evolving economic landscape, financial and digital literacy have become crucial for personal and professional success. Despite the prevalence of the digital landscape, only 38% of households are digitally literate, while only 24% of the population can be deemed as financially literate. This program addresses a critical need among Gig workers, who often lack access to formal financial education and digital tools. By bridging this knowledge gap, the initiative aims to foster financial inclusion and enhance the economic resilience of this vital segment of the workforce.

The comprehensive program will cover a wide range of topics, including banking basics, savings schemes, e-wallet usage, investment fundamentals, insurance principles, and key government services. Through a combination of interactive workshops, online modules, and hands-on training, participants will gain practical skills to manage their finances effectively in the digital era.

Sapna Moudgil, CEO at NIIT Foundation, stated, "With the ever-evolving digital landscape, more and more people are going online - and 99.9% of internet users utilize a mobile device to access the wealth of services - be it for paying bills or ordering food and shopping. That said, digital and financial literacy - which, today, go hand in hand to a great extent - still remain amiss. With this in mind, our collaboration with Mahindra Finance allows us to empower gig workers and nano enterprises with financial and digital literacy by not just imparting knowledge but also opening doors to economic opportunities and financial stability."

Further commending the partnership, Neelima D'Silva Dahi, Lead CSR at Mahindra Finance, said, "Our partnership with NIIT Foundation aligns perfectly with our commitment to fostering inclusive growth. This program will play a crucial role in creating a more financially savvy and digitally empowered community, ultimately contributing to India's economic progress."

## NIIT Foundation And Ciena Empower Underprivileged Youth Through Career Development Initiative In Ghaziabad

NIIT Foundation, in collaboration with Ciena, a networking systems, services and software company, is operating a Career Development Center (CDC) to empower individuals in and around the villages in Ghaziabad, Uttar Pradesh. The program addresses the critical gap between education and employment and aims to provide essential skills training and job opportunities to marginalized communities - equipping beneficiaries with the tools they need to succeed in today's ever-evolving economy.

The CDC offers a comprehensive range of services, including vocational training programs in high-demand sectors such as IT and retail. The center's curriculum emphasizes both technical and soft skills development, ensuring trainees are well-prepared for professional environments. Furthermore, the center also facilitates beneficiaries with job placement assistance, community engagement efforts, counselling services, and offers specialized programs designed to address the unique challenges faced by women in skill development and employment for instance.

During the financial year 2023-24, the total registrations surpassed 300, along with 128 individuals securing a successful job placement. These figures underscore the effectiveness of the registration drive, indicating strong interest and participation in both career and non-career programs.

Charu Kapoor, Country Director of NIIT Foundation, said, "Our partnership with Ciena has enabled us to create a substantial impact in the lives of underprivileged youth in Ghaziabad. By providing targeted skill development and career guidance, we aim to not just create job opportunities but also foster a sense of empowerment and self-reliance among the community."

Further commenting on the collaborative effort, Amit Malik, Vice President, Ciena India, added, "Our collaboration with NIIT Foundation aligns perfectly with our commitment to social responsibility and community development. The success of this initiative reinforces our belief in the potential of public-private partnerships to drive meaningful change."

Looking ahead, the NIIT Foundation and Ciena are committed to expanding the reach of this program across Ghaziabad to impact more than 300 beneficiaries, with plans to introduce new courses aligned with emerging industry needs and to explore partnerships with more local businesses to enhance job placement opportunities. The initiative aims to continue its mission of empowering underserved communities and contributing to the overall socio-economic development of the region.

## INTERVIEW: SAPNA MOUDGIL, Chief Executive Officer, NIIT Foundation 'Hack your career: There are 3 million cybersecurity jobs'

According to NIIT Foundation - a not-for-profit education society set up by the promoters of NIIT in 2004 - there were almost 3 million cybersecurity jobs in 2024. "Cybersecurity is a hot opportunity, and jobs haven't yet peaked," says Sapna Moudgil, chief executive officer, NIIT Foundation, which runs educational initiatives and skilling programmes for the underprivileged. In an interview with FE's Vikram Chaudhary, she shares several job roles that students can target. Excerpts:

**How many jobs are there in the cybersecurity space? What's the trend like?**  
In 2021, there were about 1.5 million cybersecurity jobs, which jumped to 2.5 million in 2022, and about 2.9 million in 2023. Projections indicate that the number of jobs will surpass 3 million in 2024. This growth is largely driven by the rise in regulatory compliance, and sectors, jobs haven't yet peaked, and there are plenty of opportunities for those with the right skills and passion for protecting digital spaces.

**What are these job roles? (analyse threats);**  

- Security analysts
- Penetration testers (who act as ethical hackers to uncover vulnerabilities);
- Security engineers (those who design robust security systems);
- Incident responders (tackle breaches swiftly);
- Compliance analysts (those who ensure adherence to regulations);

**Cloud security specialists** (address challenges of cloud computing);  
**Forensic analysts and cybersecurity consultants** (investigate cyber incidents, and provide strategic advice).

**What are you doing towards creating a skilled cybersecurity professional pipeline?**  
We launched the Cyber Suksha Initiative in 2022. Its goal is to train 1 million students in cybersecurity by 2025, with 40% female participation. So far, it has trained over 612,886 students in cyber awareness and security, across 27 states and 5 UTs. I'm happy to see that female participation averaged 40.5% in the first two years, with a three-percentage point increase in the second year. This programme, which reached 72% districts in the first year, not only aims to equip students with vital skills, but also promotes cyber awareness in communities.

**What about placements?**  
We have placed over 10,300 students in big companies like Accenture, EY, and Deloitte, with an average placement package of ₹6.3 lakh per annum. We have been able to enhance cybersecurity awareness among frontline workers, farmers, and individuals with disabilities. Our target remains ambitious, and yet achievable - to train 1 million students by 2025, continuing our commitment to inclusive growth as well as empowerment.

WE HAVE PLACED OVER 10,300 STUDENTS IN BIG COMPANIES LIKE EY, WITH AN AVERAGE PAY PACKAGE OF ₹6.3 LAKH

## Performance Area Q3 FY25

**5,28,468** students certified in NF programs

**38,519** beneficiaries became financially literate

**10,695** children benefitted through HiWEL Stations

**27,321** students were successfully placed in jobs

**1,229 hours** of volunteer effort to help students

We welcome our new partners in Q3 FY25

**IBM India**  
**Johnson Matthey**  
**United Way Mumbai**

We thank our existing partners for their continued support by granting new projects in Q3 FY25:

**CISCO, Sat Krishna, ATC, Tata Power-DDL,  
Motherson, DXC Technology, ATC, QA - Kantar**
